Journey to Neverland grants about one wish per day for a child with a life-threatening medical condition. We believe that a wish experience can be a game changer. This one belief guides us in everything we do. It inspires us to grant wishes that change the lives of the kids in our Michigan communities. This one belief guides us in everything we do at Journey to Neverland. It inspires us to grant wishes that change the lives of the kids we serve. It compels us to be creative in exceeding the expectations of every wish kid. It drives us to make our donated resources go as far as possible. Most of all, it's the founding principle of our vision to grant the wish of every eligible child. Wishes are more than just a nice thing. And they are far more than gifts, or singular events in time. Wishes impact everyone involved - wish kids, volunteers, donors, sponsors, medical professionals and communities. The impact varies. For wish kids, just the act of making their wish come true can give them the courage to comply with their medical treatments. Parents might finally feel like they can be optimistic.
